

YCSA Safeguarding Policy

Purpose

The purpose of this policy is to protect people, particularly children, at risk adults and beneficiaries of assistance, from any harm that may be caused due to their coming into contact with YCSA. This includes harm arising from:

- The conduct of staff or personnel associated with YCSA
- The design and implementation of YCSA's programmes and activities

The policy lays out the commitments made by YCSA and informs staff and associated personnel¹ of their responsibilities in relation to safeguarding.

This policy does not cover:

- Sexual harassment in the workplace – this is dealt with under YCSA's Anti Bullying and Harassment Policy²
- Safeguarding concerns in the wider community not perpetrated by YCSA or associated personnel – for these see the YCSA Child Protection and Vulnerable Adults policies

What is safeguarding?

In the UK, safeguarding means protecting peoples' health, wellbeing and human rights, and enabling them to live free from harm, abuse and neglect

At YCSA this means protecting people, including children and at risk adults, from harm that arises from coming into contact with our staff or programmes.

Further definitions relating to safeguarding are provided in the glossary below.

Scope

- All staff contracted by YCSA
- Associated personnel whilst engaged with work or visits related to YCSA, including but not limited to the following: consultants; volunteers; contractors; programme visitors including journalists, celebrities and politicians

Policy Statement

YCSA believes that everyone we come into contact with, regardless of age, gender identity, disability, sexual orientation or ethnic origin has the right to be protected from all forms of harm, abuse, neglect and exploitation. YCSA will not tolerate abuse or exploitation by staff or associated personnel.

This policy will address the following areas of safeguarding]: child safeguarding, adult safeguarding, and protection from sexual exploitation and abuse. These key areas of safeguarding may have different policies and procedures associated with them (see Associated Policies).

YCSA commits to addressing safeguarding throughout its work, through the three pillars of prevention, reporting and response.

Prevention

YCSA responsibilities

YCSA will:

- Ensure all staff have access to, are familiar with, and know their responsibilities within this policy
- Design and undertake all its programmes and activities in a way that protects people from any risk of harm that may arise from their coming into contact with YCSA This includes the way in which information about individuals in our programmes is gathered and communicated
- Implement stringent safeguarding procedures when recruiting, managing and deploying staff and associated personnel
- Ensure staff receive training on safeguarding at a level commensurate with their role in the organization
- Follow up on reports of safeguarding concerns promptly and according to due process

Enabling reports

Any staff reporting concerns or complaints through formal whistleblowing channels (or if they request it) will be protected by YCSA's Public Interest Disclosure ('Whistleblowing') policy.

YCSA will also accept complaints from external sources such as members of the public, partners and official bodies.

How to report a safeguarding concern

Staff members who have a complaint or concern relating to safeguarding should report it immediately to the YCSA Manager. If the staff member does not feel comfortable reporting to YCSA Manager (for example if they feel that the report will not be taken seriously, or if that person is implicated in the concern) they may report to the Chair of YCSA Board of Directors.

Response

YCSA will follow up safeguarding reports and concerns according to policy and procedure, and legal and statutory obligations (see Procedures for reporting and response to safeguarding concerns in Associated Policies).

YCSA will apply appropriate disciplinary measures to staff found in breach of policy.

YCSA will offer support to survivors of harm caused by staff or associated personnel, regardless of whether a formal internal response is carried out (such as an internal investigation). Decisions regarding support will be led by the survivor.

Harm

Psychological, physical and any other infringement of an individual's rights

Psychological harm

Emotional or psychological abuse, including (but not limited to) humiliating and degrading treatment such as bad name calling, constant criticism, belittling, persistent shaming, solitary confinement and isolation

Protection from Sexual Exploitation and Abuse (PSEA)

The term used by the humanitarian and development community to refer to the prevention of sexual exploitation and abuse of affected populations by staff or associated personnel. The term derives from the United Nations Secretary General's Bulletin on Special Measures for Protection from Sexual Exploitation and Abuse (ST/SGB/2003/13)

Safeguarding

In the UK, safeguarding means protecting peoples' health, wellbeing and human rights, and enabling them to live free from harm, abuse and neglect³

In our sector, we understand it to mean protecting people, including children and at risk adults, from harm that arises from coming into contact with our staff or programmes. One donor definition is as follows:

Safeguarding means taking all reasonable steps to prevent harm, particularly sexual exploitation, abuse and harassment from occurring; to protect people, especially vulnerable adults and children, from that harm; and to respond appropriately when harm does occur.

This definition draws from our values and principles and shapes our culture. It pays specific attention to preventing and responding to harm from any potential, actual or attempted abuse of power, trust, or vulnerability, especially for sexual purposes.

Safeguarding applies consistently and without exception across our programmes, partners and staff. It requires proactively identifying, preventing and guarding against all risks of harm, exploitation and abuse and having mature, accountable and transparent systems for response, reporting and learning when risks materialise. Those systems must be survivor-centred and also protect those accused until proven guilty.

Safeguarding puts beneficiaries and affected persons at the centre of all we do.

Sexual abuse

The term 'sexual abuse' means the actual or threatened physical intrusion of a sexual nature, whether by force or under unequal or coercive conditions.

Sexual exploitation

The term 'sexual exploitation' means any actual or attempted abuse of a position of vulnerability, differential power, or trust, for sexual purposes, including, but not limited to, profiting monetarily, socially or politically from the sexual exploitation of another. This definition includes human trafficking and modern slavery.

Survivor

The person who has been abused or exploited. The term 'survivor' is often used in preference to 'victim' as it implies strength, resilience and the capacity to survive, however it is the individual's choice how they wish to identify themselves.

At risk adult

Sometimes also referred to as vulnerable adult. A person who is or may be in need of care by reason of mental or other disability, age or illness; and who is or may be unable to take care of him or herself, or unable to protect him or herself against significant harm or exploitation.
